# NEWSLETTER

**July 1 through 15, 2002**

# STATE CLEARINGHOUSE NEWSLETTER

The State Clearinghouse distributes draft environmental documents to state agencies for review and comment, pursuant to the California Environmental Quality Act (CEQA). The State Clearinghouse also acts as the State Single Point of Contact for the review of federal grant applications and federal development projects. This Newsletter summarizes the environmental documents, federal notices and federal grant applications received by the Clearinghouse during the period **July 1 through 15, 2002.**

## CLEARINGHOUSE CONTACTS

Please contact The State Clearinghouse if you have any questions regarding processing of environmental documents or grant applications. We may be reached at:

Telephone: (916) 445-0613  
Fax: (916) 323-3018  
e-mail: [state.clearinghouse@opr.ca.gov](mailto:state.clearinghouse@opr.ca.gov)  
website: [www.opr.ca.gov/clearinghouse.html#clearinghouse](http://www.opr.ca.gov/clearinghouse.html#clearinghouse)

Questions regarding federal grant notices should be directed to Sheila Brown.

Questions regarding processing of environmental documents should be directed to:

Gregoria Garcia (for projects in Northern California)  
Becky Frank (for projects in Southern California)

## CLEARINGHOUSE MAILING ADDRESS

Please do not use our street address (1400 Tenth Street, Room 222) for mailing purposes. The correct mailing address is:

STATE CLEARINGHOUSE  
P.O. BOX 3044  
SACRAMENTO, CA 95812-3044

## INFORMATION AVAILABLE ON-LINE

The 2001 CEQA Guidelines are available from the Resources Agency's website at <http://ceres.ca.gov/ceqa/>.

The State Clearinghouse Handbook, which contains all of our environmental document and grant processing procedures and forms, is available on our website.

# CEQA & Planning Case Law

## **Summary of Recent CEQA & Planning Case Law**

The following are summaries of recent court cases relating to the California Environmental Quality Act and/or land use planning law.

**No Cases have been selected for the period of July 1 - 15, 2002.**

*Please be advised, the information contained in these summaries does not constitute legal advice, nor should the summaries be relied upon as a matter of law. Refer to the full text of the cases cited for the complete ruling and case facts.*

# Federal Notices

## Intergovernmental Review Notices (July 1<sup>st</sup> – 15<sup>th</sup>, 2002)

The following are notices received by the State Clearinghouse from federal agencies in compliance with Executive Order 12372. If you would like more information about the subject matter, please contact the agency representative listed below. Beginning with the August 1-15<sup>th</sup>, 2002 Newsletter, the Intergovernmental Review Notices will no longer be summarized. Please refer to the Federal Register located at the following web address:

[http://www.access.gpo.gov/su\\_docs/aces/aces140.html](http://www.access.gpo.gov/su_docs/aces/aces140.html)

# CEQA Documents

## Key for abbreviations of Document Type:

CON	Early Consultation Notice
EIR	Draft Environmental Impact Report
SIR	Supplemental EIR
SBE	Subsequent EIR
EIS	Draft Environmental Impact Statement
EA	Draft Environmental Assessment
JD	Joint Document (CEQA/NEPA)
FONSI	Finding of No Significant Impact
Neg Dec	Negative Declaration/Mitigated Negative Declaration
NOE	Notice of Exemption
NOD	Notice of Determination
NOP	Notice of Preparation (of an EIR)
Oth	Other type (none of the above)

## CEQA Actions

SCH Number	Title / Lead Agency / City--County / Description	Document Type	Ending Date
<b><u>Documents Received on Monday, July 01, 2002</u></b>			
2002071014	<p>Armenian Town Fresno, City of Fresno--Fresno</p> <p>The site is generally bounded by Ventura Street on the north, O Street on the east, Highway 41 on the south, and M Street on the west and contains an area of approximately 10 acres. The request is simply for authorization to acquire the land for clearance. Although conceptual, the applicant has submitted a site plan which depicts a three (3) story, 60,000 square foot courthouse (which is definite), two five (5) story, 100,000 square foot buildings each, a seven (7) story 210,000 square foot building, an Armenian Cultural Center the size of which is yet to be determined, two (2) surface parking lots, and a five (5) story parking structure. The existing Lavosh Bakery is scheduled to remain. The existing warehouses, restaurant (Red Pepper Cafe), and fire station would either be relocated or demolished. The existing homes may either remain, be relocated on the site, demolished, or relocated to another area. Once an exact location for the homes and buildings has been determined, a site plan will be routed to all relevant agencies. The project design is also pending a traffic study which is being completed at this time; once we receive the traffic study, we will route it to the relevant agencies. Again, this is a request to simply clear the property from all existing improvements, with the exception of the homes, which are being reviewed for their historical significance at this time.</p>	CON	07/30/2002
2001071143	<p>Thorp Annexation and Sphere of Influence Amendment Greenfield, City of Greenfield--Monterey</p> <p>The Thorp Annexation and Sphere of Influence Amendment project involves the annexation of approximately 100 acres into the City of Greenfield. The project is located immediately east of the incorporated City limits. The westernmost 20 acres of the project site are within the City's designated Sphere of Influence (SOI) and Urban Service Area. A Sphere of Influence amendment will be required concurrent with the annexation application to include the remaining 80 acres outside the SOI. The project applicant for the requested action is Coats Consulting on behalf of Robert Thorp, who represents the group of property owners within the annexation area. A General Plan Amendment will be required to change the designation of the easternmost 80 acres of the site from Residential Reserve to Low Density Residential. The requested entitlements include a zoning designation of Single-Family Residential with a Planned Unit Development overlay (R-1/PUD). The 20-acres currently within the City's Sphere of Influence are pre-zoned "Light Industrial" (M) and will retain this designation. The Planned Unit Development overlay will allow the development of a mix of medium-and low-density housing and construction of a new elementary school on 10 acres of the site. The new elementary school was previously planned for this location by the Greenfield Unified School District. A total of 12 parcels are included in the proposed annexation. The entire area is planned for up to 476 dwellings. No subdivision maps or detailed site plans are proposed as part of the annexation request and Sphere of Influence Amendment.</p>	EIR	08/14/2002

## CEQA Daily Log

Documents Received during the Period: 07/01/2002 - 07/15/2002

SCH Number	Title / Lead Agency / City--County / Description	Document Type	Ending Date
<b><u>Documents Received on Monday, July 01, 2002</u></b>			
2001061088	Glendale Embassy Suites Hotel Glendale Redevelopment Agency Glendale--Los Angeles The proposed project consists of an approximately 190,000 square-foot Embassy Suites Hotel with up to 277 rooms and a four-level subterranean parking garage for approximately 420 vehicles. Hotel amenities would include: a 2,910 square-foot lounge/restaurant; 4,000 square feet of meeting rooms; a gift shop and deli; a business center; spa; and exercise room. These facilities are designed to be internally serving. The Hotel would be approximately 178 feet in height from street level to the top of the skylight and roof structure.	<b>FIN</b>	
2002011116	Inland Empire Utilities Agency Wastewater, Recycled Water and Organics Management Master Plan Inland Empire Utilities Agency Chino Hills, Fontana, San Gabriel--San Bernardino The Inland Empire Utilities Agency (IEUA) will serve as the Lead Agency under the California Environmental Act (CEQA) and will coordinate the preparation of a focused Environmental Impact Report (EIR) that will evaluate the potential significant environmental impacts that may result from implementing management master plans for wastewater, recycled, water and organic materials within its service area.	<b>FIN</b>	
2002012105	Pacifica Village Center Pacifica, City of Pacifica--San Mateo The mixed-use project includes retail, residential, a hotel/conference center, and civic use to create a "village center". Uses would include stand alone retail shops; residential over retail and restaurants configured along a traditional "main street"; Land set aside for the City of Pacifica to build a civic building; a town square; and a mix of single-family detached, attached and town home residences.	<b>FIN</b>	
2002071002	Crossroads Redevelopment San Diego, City of --San Diego Redevelopment plan to promote a variety of land uses, affordable housing opportunities for very low, low and moderate income households, improve traffic flow, parking and services which would eliminate physical and economic blighting conditions. California Community Redevelopment Law (Health and Safety Code Section 33000 et. Seq.) ("CRL") controls redevelopment activity. Redevelopment is defined pursuant to section 33020 of the CRL as "the planning, development, replanning, redesign, clearance, reconstruction, or rehabilitation, or any combination of these, of all or part of a survey area, and the provision of those residential, commercial, industrial, public, or other structures or spaces as may be appropriate or necessary in the interest of the general welfare, including recreational and other facilities incidental or appurtenant to them".	<b>NOP</b>	07/30/2002
2002071011	Blossom Valley Area Middle School Cajon Valley Union School District El Cajon--San Diego The proposed project include the site acquisition, construction, and operation of the proposed Blossom Valley Area Middle School and a joint use sports complex on an approximately 80-acre site. The middle school will provide approximately 83,000 square feet (floor area) of educational facilities for grades 6 through 8 and is designed to serve up to 1,250 students.	<b>NOP</b>	08/23/2002

## CEQA Daily Log

Documents Received during the Period: 07/01/2002 - 07/15/2002

SCH Number	Title / Lead Agency / City--County / Description	Document Type	Ending Date
<b><u>Documents Received on Monday, July 01, 2002</u></b>			
2002071013	<p>Creekside Marketplace San Marcos, City of San Marcos--San Diego</p> <p>Area A is east of Grand Avenue and would consist of approximately 313,657 square feet of retail space on 25.7 net useable acres within a planned commercial center, otherwise referred to as "Creekside Marketplace". The marketplace will consist of major anchor retail buildings with smaller retail shops and the potential for a drive thru use. Area B is west of Grand Avenue and would consist of 84,000 square feet of retail space on a +/- 7 acre property. The area would consist of retail stores and the potential for drive thru use.</p>	<b>NOP</b>	07/30/2002
2002071040	<p>Mountain Gate Specific Plan Amendment (SPA02-005) and TTM 30366 Corona, City of Corona--Riverside</p> <p>The proposed project would subdivide the 66.1-acre site into 43 single-family residential lots. Implementation of the project would result in the construction of 43 estate single-family homes with roads and other associated infrastructure. The residential land use proposed for the specific plan amendment is consistent with the ER2 (Estate Residential) land use designation of the Mountain Gate Specific Plan, which requires a 20,000 square foot minimum lot size. The southeasterly portion of the subject site is located in the Hillside District overlay zone, which prescribes that lots within the zone have a minimum area of one acre. Also, per the "Policy 6" protection provisions of the South Corona Community Facilities Plan (CFP), newly established lots located adjacent to the existing large lot homesites on Crown Ranch Road are required to have a minimum lot size of one acre. The portion of the project site located adjacent to existing large lots on Crown Ranch Road are a minimum of one acre in size. Overall, the residential density resulting from the development proposal calculates to .65 dwelling units per acre (du/ac). This density is consistent with the Estate Residential land use designations of both the South Corona CFP, which prescribes a target density of 1.47 du/ac, and the City's General Plan, which permits a density range of 0-3 du/ac.</p>	<b>NOP</b>	07/30/2002
2002072001	<p>50 Oak Street San Francisco Planning Department San Francisco--San Francisco</p> <p>The proposed project is the seismic retrofit and alteration of the existing four-to five-story structure at 50 Oak Street and demolition of the adjacent three-to four-story structure and new construction of a six-story structure at 70 Oak Street, for the San Francisco Conservatory of Music. The two structures would be integrated as one building. The two existing structures total about 91,000 gsf. The Conservatory of Music would contain about 125,000 gsf, including about 19,200 gsf of performance space; 17,000 gsf of performing support space; 26,500 gsf of educational studios and spaces; 7,500 gsf of administrative office space; 7,000 gsf of library space; 21,600 gsf of corridor and circulation space; and 26,200 gsf of service and storage space. No parking spaces or loading spaces are proposed. The site occupies the north side of Oak Street, between the 25 Van Ness Avenue building and a parking lot at Hickory and Franklin Street, encompassing most of the half block bounded by Oak, Hickory, and Fanklin Streets and Van Ness Avenue. The site includes Lots 5 and 7, in Assessor's Block 834.</p>	<b>NOP</b>	07/30/2002

<b><u>Documents Received on Monday, July 01, 2002</u></b>			
2001082125	City of Sacramento Stream Maintenance Program MOU (CIP# WK51) Sacramento, City of Sacramento--Sacramento The City of Sacramento, Utilities Department, is proposing to enter into a five year Memorandum of Understanding (MOU) with the California Department of Fish and Game for all routine stream maintenance activities.	<b>Neg</b>	07/30/2002
2002042150	Rezone Application No. 2002-04 and Parcel Map Application No. 2002-05 - Gerry Hughes Stanislaus County --Stanislaus Request for a Planned Development zone of 1.7 acres to allow uses including a 2 story medical office building. Another 18' high office building is proposed. The parcel map would create parcels of 0.48, 0.27 and 0.79 net acres.	<b>Neg</b>	07/30/2002
2002071001	Tentative Parcel Map 02-01, Pacific Scene Homes, Applicant Poway, City of Poway--San Diego The proposed project involves a Tentative Parcel Map (TPM) to subdivide the 4.8 acre site located at 13940 Pomerado Road into two parcels. The site has split, RRC/RS7 zoning. Parcel 1 would be 2.69 acres in size and parcel 2 would be 2.29 acres in size. The area comprising Parcel 1 is currently vacant and is proposed to be developed with a single family residence (under a separate, future application to be submitted). Parcel 2 is currently occupied by an institutional establishment which is proposed to remain.	<b>Neg</b>	07/30/2002
2002071003	Route 227 Widening and Channelization Initial Study Caltrans #5 San Luis Obispo--San Luis Obispo The project proposes to widen South Street (Route 227) by widening the roadway and installing curb, gutter, sidewalk, planting areas, and a soundwall on a retaining wall. This will allow for the addition of a traveled lane and a bike shoulder.	<b>Neg</b>	07/30/2002
2002071004	Weemes ES Playground Expansion Los Angeles Unified School District Los Angeles, City of--Los Angeles LAUSD is proposing to acquire approximately 0.65 acres of property consisting of four single-family residences in order to accommodate the expansion of the playground area. The existing residences on the properties to be acquired will be demolished to allow the site to be graded and the proposed playground expansion constructed. The improvements will include two basketball courts and an 8' chainlink fence separating the Children's Center to the north, West 37th Street to the south and Catalina Street to the east. A portion of the playground would be landscaped with grass, and tree planters with concrete seat walls, bordering the northern and eastern sides.	<b>Neg</b>	07/30/2002
2002071005	Westmont College Master Plan Update Santa Barbara County --Santa Barbara Westmont College proposes to revise its active Conditional Use Permit in order to 1) include a newly purchased 3.48 acre parcel (APN 013-080-004, nominally, the "Cold Spring Property") for a total campus size of 111.24 gross acres, 2) modernize Westmont's Master Plan (originally approved in 1964, updated three times, most recently in 1990, and not yet fully realized) and 3) sharpen County	<b>Neg</b>	07/30/2002

	approval criteria for future development under the revised Plan as proposed.		
2002071006	Malibu Road Beach Accessway State Coastal Conservancy Malibu--Los Angeles Stairway between Malibu Road and Amarillo Beach, with viewing platform at elevation 35', the same as the road. A fence and gate will be built along the road at the edge of the bluff.	<b>Neg</b>	07/30/2002
2002071007	Telegraph Canyon Road Widening Chula Vista, City of Chula Vista--San Diego The project would consist of widening the westbound side of Telegraph Canyon Road from three lanes (one right, one shared through/right, and one through only) to four lanes (two right only and two through only). With the future widening of the northbound on-ramp by Caltrans, the northern only lane would be converted to a hared through/right lane. The addition of the lane would occur on the north side of the road for approximately 1,200 feet (0.2 mile) from the I-805 northbound on-ramp to a point approximately 1,000 feet east of Halecrest Drive.	<b>Neg</b>	07/30/2002
2002071008	Los Pinos Conservation Camp Orange County --Orange The Orange County Probation Department is requesting a 20-year extension of the existing Specal Use Permit, expansion of the existing capacity of the facility to accommodate 32 additional juvenile wards, and structural modifications to Buildings 5 and 6 and the Kitchen/Mess Hall.	<b>Neg</b>	07/30/2002
2002071009	Blackwell Minor Use Permit San Luis Obispo County Paso Robles--San Luis Obispo Grading and construction of 1) an approximately 3,000-square foot winery; 2) conversion of an existing single family residence (1,441 square feet) into a tasting room; 3) conversion of an existing barn to a barrel storage facility, office and outdoor hospitality addition to the converted barrel storage facility (approximately 2,870 square feet); 4) install a 54 space parking lot; and 5) up to six special events per year (with up to 80 guests per event).	<b>Neg</b>	07/30/2002
2002071010	02-044/Tentative Tract Map 46543 Los Angeles County Department of Regional Planning --Los Angeles This project is a request for a tentative tract map to authorize division of a property into 11 single-family lots. Each lot will be at least 10,000 square feet in size, satisfying the minimum required area for its A-1-10,000 zoning designation. The property is a vacant lot located in the unincorporated community of Quartz Hill, bounded by the Cities of Lancaster on the north and Palmdale on the south. The proposed use is in compliance with the parcel's General Plan and zoning designations. This is a reactivation of the 1989 tentative tract map 46543 and parcel map 11760.	<b>Neg</b>	07/30/2002
2002071012	Joe K. Otsuka Elementary School (Otsuka Elementary School) Santa Ana Unified School District Santa Ana--Orange The proposed project includes the development of a 6.5 acre school site. The proposed school will provide a capacity for approximately 850 students (kindergarten through fifth grade). The full-time and part-time staff employment	<b>Neg</b>	07/30/2002

	(3,500 gsf), for a total of 31,700 gsf. The proposed project would be staffed by 165 employees allocated over 3 shifts, with 100 employees assigned to the a.m. shift (about 6 a.m. to 3 p.m.), 40 employees assigned to the p.m. shift (about 2 p.m. to 11 p.m.), and 25 employees assigned to the night shift (about 10 p.m. to 7 a.m.). These positions would be filled by the employees of the existing station. Construction is scheduled to begin in the first quarter of 2002 and end in mid 2003, lasting approximately 16 months.		
2001082091	Sierra Pacific Industries, Thomes Creek Gravel Mining Operation-Sierra Pacific Sites Fish & Game #1 Corning--Tehama The California Department of Fish and Game is executing a Lake and Streambed Alteration Agreement pursuant to Section 1603 of the Fish and Game Code to the project applicant, Mr. Steve Reese representing Sierra Pacific Industries. The applicant proposes commercial gravel extraction operations on Thomes Creek, Tehama County.	<b>NOD</b>	
2002011125	Los Angeles City College Master Plan Los Angeles Community College District Los Angeles, City of--Los Angeles The proposed project involves the implementation of a 10-year Master Plan for Los Angeles City College. The Master Plan is anticipated to be completed in 2012. The plan is designed to accommodate an increase of 3,500 students over the current enrollment of 15,500 students, resulting in a total enrollment of 19,000 students. The Master Plan would reorganize the layout of the campus and add new facilities and parking to the campus. The EIR analyzes the effect of adding approximately 428,000 square feet of building space, demolishing approximately 228,000 square feet of existing buildings and adding 1,789 parking spaces, as well as the relocation of the athletic field, gymnasiums and spectator seating. At completion of the Master Plan, the LACC campus would have a total of approximately 996,428 square feet in facilities and 2,993 on-campus parking spaces.	<b>NOD</b>	
2002021041	Vallas Country Club Development Oceanside, City of Oceanside--San Diego The proposed project is a 4-lot single family subdivision.	<b>NOD</b>	
2002032023	Sanborn Water System Improvements Santa Clara County Parks Department Saratoga--Santa Clara This project consists of three sites all dealing with potable water distribution systems, the Sanborn project site and Walden West project site also include water treatment systems improvements. The Sanborn water project consists of the installation of a well pumping system and pipeline from an existing well to an existing water tank. The Christensen Nursery project consists of potable water hookup to a couple residences from an existing potable water line.	<b>NOD</b>

<b><u>Documents Received on Monday, July 01, 2002</u></b>			
2002078001	Beachgrass Control Parks and Recreation, Department of --San Luis Obispo Reduce extant Beachgrass population on approximately three acres of foredunes at Morro Strand State Beach to protect and improve nesting habitat for the Western snowy plover. Removal of beachgrass will be accomplished by an initial application of topical herbicide (Round-up Pro), followed up with a reapplication for spot treatment. Herbicide application will not be applied during snowy plover nesting period (March 1 through September 30).	NOE	
2002078002	Boardwalk Re-alignment - Moore Creek Wetlands Parks and Recreation, Department of --Santa Cruz Reroute 80 feet of existing boardwalk approximately 20 feet east of current location in Moore Creek Wetlands at Natural Bridges State Park to protect facility from water encroachment, improve public health and safety, and support continued use and maintenance.	NOE	
2002078003	Volleyball Court Parks and Recreation, Department of --Humboldt Install a non-permanent sand volleyball court in the day use area. The work will include the excavation and filling with sand of a 30' x 60' court area, and installation of two poles set in concrete.	NOE	
2002078005	Lease of office space in new building Industrial Relations, Department of Truckee--Nevada To lease approximately 2,100 square feet of office space. The office would have approximately 4 employees. Public parking is available nearby. Public transit is available within 1/4 mile of the site.	NOE	
2002078006	Adobe Falls Canyon Emergency Sewer Cleaning & Repairs San Diego, City of San Diego--San Diego Emergency cleaning of approximately 1,030 feet of 10-inch diameter vitrified clay pipe. This pipeline flows into the 24-inch diameter Alvarado Trunk Sewer at MH No. 83. Debris, rocks, and root mass deposits in the 10-inch diameter have been found which could be forced into the larger Trunk Sewer line creating a blockage, and causing a sewage overflow. In addition, broken joints, cracks, and pipe sags have been noted in several locations throughout the entire length of the pipe. Construction work will be needed to access approximately 8 manholes along this 50 year old sewer main. Access to more manholes and side canyons may be needed depending upon the results of further cleaning. All access, cleaning and minor maintenance work will be done by City staff and will be monitored by a biologist. This project is outside the Multi-Habitat Planning Area.	NOE	
2002078007	Adoption of Cleanup and Abatement Order for Napa State Hospital Regional Water Quality Control Board, Region 2 (San Francisco Bay), Oakland Napa--Napa Cleanup and Abatement Order.	NOE

2002078099	Acquisition of up to Three Environmentally Sensitive Parcels Tahoe Conservancy --El Dorado Purchase of fee interest in up to two environmentally sensitive parcels and purchase of remaining fee title in up to one hard coverage parcel as part of the California Tahoe Conservancy's land acquisition and land bank programs, respectively.	NOE	
2002078275	Streambed Alteration Agreement to Eradicate Invasive Non-Native Plant Species from within Santiago Creek Fish & Game #5 --Orange The Operator proposes to alter the streambed to eradicate invasive non-native plant species from within Santiago Creek, a tributary to the Santa Ana river, and all of the tributaries to Santiago Creek, in Orange County, CA. Removal work will begin upstream, and proceed downstream to the Santa Ana River mainstem. Methods of removal shall include both manual and mechanical means. Removal of vegetation by manual methods, which shall include removal by chainsaws and/or loppers, shall occur in sensitive areas where native vegetation is present or in areas which can not be accessed using heavy equipment. Removal by mechanical methods may consist of the use of a tractor and stump grinder only in areas where no native species could be threatened and where the non-native invasive plant species are the primary species in the area. Once the non-native invasive plant species are removed, they will be chipped and left on-site in the form of mulch. Monitoring of the cut stumps and resprouts shall take place on a monthly basis and periodic spraying will take place as needed to ensure non-native invasive plant eradication. In some instances, replanting of stripped or exposed areas will be necessary. In such cases, only vegetation native to the area shall be planted.	NOE

2001091020	<p>Tentative Subdivision Map 5266; CDP# (PZ 00-5-85) Oxnard, City of Oxnard--Ventura</p> <p>The project represents a water-oriented, mixed-use development consisting of residential, commercial, and recreational land uses, as well as associated marina channels, roadways, and other improvements. A total of 748 dwelling units are planned by the project. Approximately 274 single-family dwellings and 42 multi-family units are to be constructed on 33.4 acres of the site, with these units counting towards the maximum allowable density set forth by the Mandalay Bay Phase IV Specific Plan within which the site is located. Additional residential units are allowed within the visitor serving and mixed-use areas. Under these designations, the project has an additional 432 residential units, along with approximately 167,000 square feet of commercial space. Both the mixed-use and visitor serving commercial areas are located along Victora Avenue and Wooley Road. Approximately 35 acres of the project site is designated for such uses. The balance of the project is planned for open water (32 acres), parks and recreation (16.5 acres), and necessary infrastructure improvements.</p>	<b>FIN</b>	
2000091010	<p>Address Implementation of the Creekside Village Specific Plan Murrieta, City of Murrieta--Riverside</p> <p>The project proposes a maximum of 780 residential units of 145.1 acres of land along both sides of Warm Springs Creek. The Base Plan of the project would include 500 single family lots, 19.3 acres of open space, a 10-acre elementary school site, a 4.8-acre "Village Green" park and amphitheater, 6.7 acres for slopes and detention basins, and 6.5 acre of roads.</p>	<b>FYI</b>	
2000102009	<p>Petaluma Village Marketplace Petaluma, City of Petaluma--Sonoma</p> <p>The applicant proposes to develop a combination of commercial retail uses and a movie theater on the two undeveloped parcels (Parcels B and C) of the River Oaks/Petaluma Factory Outlet Village PCD site, located respectively to the southeast and northwest of the existing Premium Outlet Village development (Parcel A). Requested entitlements, in the form of a modification to the PCD, would permit the development on parcel B (roughly 23.5 acres) of up to 165,000 gross square feet of commercial retail uses. The requested entitlements for Parcel C (approximately 16.5 acres) would permit the development of a 41,000 square foot, 12-screen theater and a 36,000 square foot commercial retail building in a future phase. New parking areas would be added within both Parcels B and C. The project would provide for setbacks from the Petaluma River and related open space improvements consistent with the adopted Petaluma River Access and Enhancement Plan.</p>	<b>NOP</b>	08/06/2002
2002071036	<p>Regency Centers - Falcon Ridge Town Center Fontana, City of Fontana--San Bernardino</p> <p>The proposed project consists of a subregional shopping center with a 125,400 +/- square foot major anchor store in the north central portion of the site, a series of stores arching to the west and a second project component anchored by a supermarket to the east. The project will also include at least one (and perhaps as many as three) sit-down restaurants, and at least two (and perhaps as many as three) fast food restaurants. The second phase area is proposed to be designated as a "Flex-Zone", or overlay zone, that permits not only the commercial uses</p>	<b>NOP</b>	08/06/2002

2002078157	<p>Timber Stand Improvement Parks and Recreation, Department of --El Dorado</p> <p>Remove trees in two units (45 and 32 acres) in the Cold Stream Canyon. In the 45 acre unit, white fir and lodgepole pine will be removed to favor Jeffrey pine. Trees will be cut to provide a 20 foot spacing. A tractor with a masticating head may be used during the summer and fall dry soil conditions. In the 32 acre unit, mostly white and lodgepole pine will be removed to favor the aspen. Hand crews will perform most of the work. Biomass or slash material will be either chipped, or piled and burned. This project will reduce fire risk, prepare the units for future fire treatments, help maintain the structure and function of native aspen stands where they naturally exist, and improve the structure, composition, and function of Sierran native forests.</p>	NOE	
2002078158	<p>Defensible Fuel Profile Zone Parks and Recreation, Department of --Plumas</p> <p>Create a 300 foot wide defensible fuel profile zone (DFPZ) along the park boundary around Rocky Ridge Condominiums and other private property along State Highway 28. A total area of about 36 acres will be treated. The work will include cutting of vegetation and burning of debris pile. Hand crews will perform the work. The project will reduce the risk of damage by wildfire to adjacent private property and State Park System resources.</p>	NOE	
2002078159	<p>Well Pump Replacement Parks and Recreation, Department of --Merced</p> <p>Replace motor and pump of existing well (located north of shop area) at George J. Hatfield State Recreation Area with a new submersible pump that will bring facility into compliance with County Health Department requirements. Project will also protect public health and safety and support continued use and maintenance.</p>	NOE	
2002078160	<p>Extend Development Moratorium in the Village One Specific Plan Area Modesto, City of Modesto--Stanislaus</p> <p>On June 4, 2002, the Modesto City Council adopted an emergency interim ordinance that placed a 45-day moratorium on new development on unvested property in Village One. The City Council will consider extending the prohibition of approval in the Village One Specific Plan area of additional precise plans, tentative subdivision maps, tentative parcel maps, plot plans, use permits, rezonings, final development plans, and any other land use entitlement on unvested land, for a period of ten months and fifteen days.</p>	NOE	
2002078161	<p>South Dorms C, D &amp; E Seismic Retrofit Project Corrections, Department of Soledad--Monterey</p> <p>The California Department of Corrections proposes to seismically retrofit the existing South Dormitories C, D and E at the Correctional Training Facility in Soledad. The dormitory building is a one-story structure with a rectangular plan, measuring 609 ft. x 41 ft. This reinforced CMU structure was built circa 1967 and is subdivided by expansion joints into three structures (Dorms C, D and E), each measuring approximately 200 feet long. The retrofit scheme includes minor seismic retrofit improvements including infilling a limited number of exterior windows to improve shear wall performance, strengthening the roof</p>	NOE

2002051075	County of San Luis Obispo Growth Management Ordinance Amendments San Luis Obispo County --San Luis Obispo The San Luis Obispo County Board of Supervisors has proposed various amendments to the County Growth Management Ordinance (Title 26). The primary objective of these amendments is to effectively deal with growth constraints and other issues both in the South County and Countywide.	<b>NOP</b>	08/08/2002
2002071041	Central Los Angeles Area New Learning Center #1 Los Angeles Unified School District Los Angeles, City of--Los Angeles LAUSD proposes to develop a K-12 campus on the project site. The proposed project site is comprised of several parcels, totaling approximately 23.8 acres. The project would provide approximately 4,400 seats for grades K-12.	<b>NOP</b>	08/08/2002
2002071042	ProLogis Warehouse/ Distribution Industrial Park (North Rialto) Rialto, City of Rialto--San Bernardino ProLogis Development Services proposes development of a warehouse/distribution industrial park intended to accommodate two to three large industrial warehouse and distribution facilities and several smaller general industrial operations on an approximately 133-acre site. The proposed project includes approximately 2.84 million square feet of building area. As shown in the proposed site plan, two large warehouse/ distribution buildings with a total area of approximately 2.71 million square feet are proposed to accommodate the large warehouse/ distribution uses. Three smaller buildings with a total area of approximately 130,000 square feet are proposed for the general industrial uses. The project includes: an amendment to the General Plan Circulation Element to eliminate the segment of Walnut Avenue between Palmetto and Tamarind Avenues and Tamarind Avenue between Walnut and Highland Avenues, and reclassifying Walnut Ave between Alder and Tamarind Avenue as a collector street; an amendment to the General Plan Conservation Element to eliminate the project site from its current Sector A-9 mineral resource designation; approval of a building height variance to relax the 35 foot building height limit; and approval of a tentative parcel map to consolidate several properties currently under separate ownership.	<b>NOP</b>	08/08/2002
2002071046	Monrovia Nursery Specific Plan and Project Azusa, City of Azusa--Los Angeles The proposed land plan for the Nursery site consists of 1,475 to 1,575 dwelling units and 30,000 to 50,000 square feet of commercial uses on 281 developable acres. An additional approximately 220 acres are reserved as permanent open space. The land plan contains three planning areas: 1) The Promenade District, a	<b>NOP</b>	08/08/2002

	more urbane district anchored by a great walking street and a light rail transit center that consists of a station, 30,000 to 50,000 square feet of transit-oriented development and residential uses; 2) Park Neighborhood consisting of detached residential homes anchored by a series of neighborhood parks; and 3) the Village Core, anchored by a community recreation facility and includes housing. A K-8 school and joint use park, maximization of street connections, and utility and infrastructure improvements are also proposed.		
2002072027	Regency Centers Property Gilroy, City of Gilroy--Santa Clara The applicant is proposing to construct a regional shopping center on a 75.8 acre site that currently contains agricultural land.	<b>NOP</b>	08/08/2002
2002072028	Chevron Pipeline Relocation/Watershed Protection Project Alameda County --Alameda Once the preferred pipeline alignment has been determined, the proposed pipeline segment to be built within that alignment is intended to replace an existing liquid petroleum pipeline segment currently located within the San Antonio Reservoir watershed in order to reduce the risk of water supply contamination in the event of a pipeline failure, as a condition of the applicant's current lease agreement with the San Francisco Public Utilities Commission.	<b>NOP</b>	08/08/2002
2002072030	Lincoln Gateway Project EIR Lincoln, City of Lincoln--Placer The Proposed Project includes a variety of retail, commercial, office, and housing land uses. The project site design includes retail shops, fast food and sit-down restaurants, professional office, medical office, and senior affordable housing.	<b>NOP</b>	
2002071043	Stenner Creek Pedestrian Bridge San Luis Obispo, City of San Luis Obispo--San Luis Obispo The project is the installation of a pre-fabricated, free-span, pedestrian bridge over Stenner Creek. The six-foot wide bridge will span 115 feet. The bridge will have wood decking and steel trusses approximately 6.5 feet tall. The purpose of the bridge is to connect the Mustang Village and Woodside Apartments housing developments, which are currently separated by the creek. The bridge would span the creek and connect two developed parking lots. After the bridge is installed, the applicant proposes to re-vegetate the creek banks and to remove all of the materials introduced into the creek area, which were used to support a pedestrian path.	<b>Neg</b>	08/08/2002
2002071044	Mintz Residential Subdivision San Diego County --San Diego The project proposed to subdivide approximately 25.48 undeveloped acres into 10 single-family residential lots. The lots range in size from 1.25 to 6.39 acres. The project will require improvements to Skyline Truck Trail and will include a left turn lane from Skyline Truck Trail onto Jamul Vistas Drive.	<b>Neg</b>	08/08/2002

2002054002	West Coast Combat Search and Rescue Beddown U.S. Air Force Coronado--San Diego The United States Air Force (Air Force), Headquarters Air Combat Command proposes to establish a full complement of Combat Search and Rescue (CSAR) assets at Davis-Monthan Air Force Base (AFB), AZ. The proposed CSAR unit would include 3 squadrons: HC-130 fixed-wing aircraft squadron; HH-60 helicopter squadron; and a Combat-Rescue Officer (CRO)-led squadron that would include CROs, Pararescue Jumpers (PJs), and Survival, Evasion, Resistance, and Escape (SERE) specialists. The Air Force needs more CSAR assets to adequately support worldwide, deployable long-range combat search and rescue of downed aircrew members. The proposed action would begin in the fall of 2002 and the beddown would be completed by 2007. The action would add 12 HH-160 helicopters, 10 HC-130 fixed-wing aircraft, and 1,059 personnel to Davis-Monthan AFB. Building renovations and construction would be necessary to support the beddown. Training would occur in Low Altitude Tactical Navigation areas; portions of the Barry M. Goldwater Range (BMGR), and the Yuma Tactical Aircrew Combat Training System Range, and their associated restricted airspace; Jackal Low Military Operations Area (MOA); Sells Low MOA; and the Naval Air Station North Island Water Training Area off the coast of San Diego, CA. 2002072038	Application to Appropriate Water Number 30915 State Water Resources Control Board, Division of Water Rights --Yuba On July 1, 1999, Mr. James Siller (Applicant) filed water right Application 30915 with the State Water Resources Control Board (SWRCB). The Applicant proposes to divert a total of 89 acre-feet annually (afa) of water to storage into two onstream reservoirs, one directly upstream from the other, on Vineyard Creek tributary to Dry Creek thence Bear River thence Feather River thence Sacramento River in Yuba County from December 1 to April 30. The project area is about 16 miles east of Yuba City, California, on the USGS 7.5' Smartville Quad Map. Both reservoirs were built in 1999 by constructing two earthen dams with fill from each reservoir across the upper reach of perennial Vineyard Creek. Reservoir 1 (Pond 1) is an onstream reservoir with a capacity of 49 acre-feet (af); the purpose of the use is aquaculture. Reservoir 2 (Pond 2) is an onstream reservoir directly upstream of Pond 1 with a capacity of 40 af; the purpose of use is fire protection and recreation. Vegetation impacted during the construction above included about 83 trees and an unknown number of shrubs.	<b>Neg</b>	08/12/2002
2002072039	Sky Ranch II Residential Subdivision Pittsburg, City of Pittsburg--Contra Costa Development of 166 acres of undeveloped grazing land with 386 single family homes on lots ranging in size from 8,000 sf to over 6 acres, along with a water storage tank and related improvements.	<b>Neg</b>	08/12/2002

<b><u>Documents Received on Friday, July 12, 2002</u></b>			
1998122068	Lower Mokelumne River Restoration Program EIR/EIS Woodbridge Irrigation District Lodi, Woodbridge--San Joaquin Prepare new dam at Lower Mokelumne River Restoration Program and replace existing dam.	<b>NOD</b>	
1999062089	American River Pump Station Project Placer County Water Agency Auburn--Placer The Proposed Project involves construction of a year-round pump station, intake/diversion and associated pipelines and access road facilities to provide PCWA improved and reliable access to its Middle Fork Project water rights water. The project is needed to provide a reliable back-up source to PCWA's other water supply sources and to meet growing demands associated with planned and approved urban development within their service area. The new pump station would permit PCWA to increase their water supply diversions from the historical maximum amount of 8,500 AF and from the anticipated No Action/No Project Alternative amount of 19,300 AF to 35,500 AF. Additionally, the Proposed Project would restore the North Fork American River flow to a 3/4-mile stretch of river that is currently dewatered and flowing through the Auburn Dam construction site bypass tunnel. The return of water to the river channel is anticipated to result in use of the project area for water-based recreation activity (primarily boating) and so, the Proposed Project also includes development of two public river access sites. The access locations would be at the Auburn Dam site upstream of the bypass tunnel outlet, and near Oregon Bar. The proposed amenities include parking, road and trail improvements to accommodate mixed recreation uses, a staffed entrance gate, and sanitation facilities (restrooms and trash cans). CDPR would oversee the use of these areas per an agreement with Reclamation.	<b>NOD</b>	
2000102055	Stream Maintenance Program Santa Clara Valley Water District Santa Clara--Santa Clara The Stream Maintenance applies to all of the District's routine stream maintenance activities including sediment removal, vegetation management, bank protection, minor activities of limited size, and mitigation activities including giant reed removal and bank stabilization mitigation.	<b>NOD</b>	
2000121015	Anaverde Elementary School Palmdale School District Palmdale--Los Angeles SAA R5-2001-0372 The applicant proposes the construction of Ana Verde Elementary School by filling Anaverde Creek and two side drainages on 15.0 acres.	<b>NOD</b>

<b><u>Documents Received on Monday, July 15, 2002</u></b>			
2001074001	SF Bay National Estuarine Research Reserve (SF Bay NERR) National Oceanic and Atmospheric Administration (NOAA) San Rafael, Pittsburg, Suisun City--Marin, Contra Costa, Solano This is a cooperative research, monitoring and education program with existing protected areas (China Camp State Park: Marin Co., Ruch Ranch: Solano Co., and Browns Island: Contra Costa Co.) run by San Francisco State University. Designation creates no new zoning or land-use changes and no new rules or regulations come into effect.	<b>FIN</b>	
2001081094	Proposed Amendments to the Redevelopment Plans for the Agua Mansa, Central Business District, Gateway and Industrial Redevelopment Projects Rialto, City of Rialto--San Bernardino The need to establish an Amendment has been deemed necessary for the purposes of i) merging the Existing Plans for the purpose of flowing tax increment between Project Areas (merging the Existing Plans will create the "Merged Project Area"), ii) including the Added Territory within the Merged Project Area (hereinafter all references to the Merged Project Area means the Project Areas plus the Added Territory unless stated otherwise), iii) reviewing existing time and fiscal limitations contained within the Existing Plans to determine which limitations, if any, should be amended, and then amend the same, and iv) restating the Existing Plans into a single redevelopment plan (the "Amended Plan") document. The Agency proposes to do this so that it can, subsequent to completion of the Amendment increase its ongoing efforts to implement redevelopment projects and programs designed to: upgrade public facilities and infrastructure, promote and facilitate economic development and job growth, provide additional affordable housing opportunities, and generally improve the quality of life for residents, business and property owners within the parts of the City located in the Project Areas, the Added Territory, and the City of Rialto as a whole. While not proposed as specific projects at this time, these actions are possible activities that may be undertaken over the 30-year effective life of the Amended Plan.	<b>FIN</b>	
2002071070	Sakioka Farms Specific Plan Oxnard, City of Oxnard--Ventura The Sakioka Farms Specific Plan would replace the current zoning of the 430-acre site and provide the framework, guidelines, standards, and regulations for orderly phased development of a current agricultural site over a number of years. Maintaining consistency with the City of Oxnard 2020 General Plan, especially in terms of land use and intensity, the maximum proposed build out is 8,500,000 square feet of a mixture of light industrial, business and research and related uses. In addition, the Specific Plan proposes to include the option of use of the "Mixed-Use Overlay" described in the General Plan. Extension of Gonzales Road eastward across Del Norte Boulevard to the City boundary would provide the division of proposed business research park use (130 acres) to the north and light industrial uses (300 acres) to the south. The Specific Plan divides the site into seven Planning areas with purpose of recognizing development phasing patterns, market conditions and establishing sufficient flexibility for provision of a variety of activities.	<b>NOP</b>	08/13/2002

2002071068	<p>Murrieta Recycled Water Facilities Rancho California Water District Murrieta--Riverside</p> <p>The Rancho California Water District (RCWD) is proposing to construct approximately 25,000 feet of recycled (reclaimed) water pipeline and related valves, meters, pumping facilities and potable water conversions. The proposed facilities are located in previously disturbed and/or developed areas (primarily existing roadways), and are intended to accommodate (in concert with existing reclaimed water facilities) both existing and projected reclaimed water demand in the RCWD service area over approximately the next 20 years.</p>	<b>Neg</b>	08/13/2002
2002071069	<p>Project No. 88-477/ Parcel Map No. 20234 Los Angeles County Department of Regional Planning --Los Angeles</p> <p>An application for minor land division: dividing the subject property into four lots. The land is currently vacant and can only be accessed through an approved tract (i.e. TR49601) from the west side of the property.</p>	<b>Neg</b>	08/13/2002
2002071072	<p>Brookside II/ Nack Property (ER 2002-08) Escondido, City of Escondido--San Diego</p> <p>A proposed (reorganization) annexation of 42 acres consisting of five parcels to the City of Escondido. The projects include a prezone of approx. 22 acres to PD-R (Planned Development Residential - 10,000 SF minimum lot size) with an application for development of 40 single family units (TR 844-Brookside II). This proposed subdivision would connect to the Brookside I project currently under construction, with minor realignment of interior streets to incorporate the proposed project. The subdivision design incorporates clustered lots around open space areas with lot sizes ranging from 10,143 SF to 21,878 SF. This proposed subdivision includes a Master Development Plan and Development Agreement to require the construction of a multi-use trail around the periphery of the project and the extension of Conway Drive between North and Cleveland Avenues. The remaining 20 acres of the project area proposed to be prezoned to RE-20 (Residential Estate, 20,000 SF minimum lot size) with a 4-lot parcel map. The entire reorganization will also involve detachment from County Service Area No. 135 and detachment from Deer Springs Fire Protection District.</p>	<b>Neg</b>	08/13/2002
2002071073	<p>Sewer Pump Station Rehabilitation: Stations 25, 31, 32, 33, &amp; 40 San Diego, City of San Diego--San Diego</p> <p>City Council approval to conduct mechanical, electrical, and ventilation system upgrades to existing sewer pump stations 25, 31, 32, 33, and 40 in the La Jolla, Midway, and Otay Mesa community planning areas, Council Districts 2 and 8, Coastal Overlay Zone (Stations 25, 32, 33, and 40). Electrical upgrades at Station 25 would require approximately 2,000 new trenching approximately one to three feet deep to run new electrical conduit. Upgrades at Stations 25, 31, and 40 would include new or upgraded ventilation systems to continuously vent hydrogen sulfide gas. Station 40 include replacement and upgrade of the emergency back-up generator. Applicant: City of San Diego Engineering and Capital Projects Department, Wastewater Facilities Division.</p>	<b>Neg</b>	08/13/2002

2002078204	Laguna Road Elementary School Modernization Fullerton School District Fullerton--Orange Modernization of existing buildings including; restroom remodels, electrical upgrades, interior finish upgrades, site accessibility improvements, re-roofing, 330 square foot addition to the administrative offices.	<b>NOE</b>	
2002078205	Fish Screen Installation Fish & Game #2 --Yolo Install a retrievable fish screen on an existing agricultural diversion.	<b>NOE</b>	
2002078206	Mallott Road Bridge Across the West Interceptor Canal Fish & Game #2 --Sutter Replace existing CMP culverts with a precast reinforced concrete box culvert.	<b>NOE</b>	
2002078207	Drainage System Improvements Fish & Game #3 --Monterey The proposed project consists of stabilizing an existing concrete box culvert, connecting existing roadway drainage systems to the existing drainage system, and reconstruction of the embankment. The project is located on the southbound side of Highway 101, PM 95.15, City of Prunedale, in Monterey County. Repair of the box culvert will consist of placement of filter fabric and rip rap at the outlet, placement of additional rock behind the wing-wall working from the top of bank with an excavator, and in-fill of voids under the box culvert with slurry mix. Bank reconstruction will be done in lifts with geo-reinforcing fabric and with equipment working on top of existing vegetation (mainly vines and ground cover). Existing drainage culverts, a down drain and a median cross culvert, will be connected into one pipe and extended so that the outflow will discharge onto the newly placed rip rap at the outlet of the culvert. Issuance of a Streambed Alteration Agreement Number R3-2002-0487 pursuant to Fish and Game Code Section 1601.	<b>NOE</b>	
2002078208	Unnamed Tributary to the Napa River Bank Stabilization Fish & Game #3 Napa--Napa The operator proposes to install rip rap below a 21 inch outfall pipe on the banks of an unnamed tributary to the Napa River, south of Imola Avenue and east of South Minahen, in the City of Napa, Napa County. The project consists of excavating approximately 100 linear feet of the toe of channel using a backhoe or excavator working from the top of bank, to a depth of 2 feet and extending up the toe an additional 2 feet. Quarter ton rip rap will be placed into the excavated area to stabilize the toe and up the bank approximately 4.5 feet. Above the rip rap, the bank will be laid back to a 2:1 slope. Geotextile fabric will be placed on the disturbed areas and the area will then be planted with native riparian trees and shrubs. South of the project, the banks are protected by sackcrete. Issuance of a Streambed Alteration Agreement Number R3-2000-0252 pursuant to Fish and Game Code Section 1601.	<b>NOE</b>

Modernization includes but is not limited to: ADA compliance upgrades, technology upgrades, electrical upgrades, mechanical upgrades and new wall and flooring finishes.	NOE	
2002078226	Extend Development Moratorium in the Village One Specific Plan Area Modesto, City of Modesto--Stanislaus On June 4, 2002, the Modesto City Council adopted an emergency interim ordinance that placed a 45-day moratorium on new development on unvested property in Village One. The City Council will consider extending the prohibition of approval in the Village One Specific Plan area of additional precise plans, tentative subdivision maps, tentative parcel maps, plot plans, use permits, rezonings, final development plans, and any other land use entitlement on unvested land, for a period of ten months and fifteen days.	NOE	
2002078227	Transfer of Coverage to Placer County APN 83-041-11 (Knott) Tahoe Conservancy --Placer Project consists of the sale and transfer of 1,772 square feet of potential coverage rights from Conservancy-owned land to a receiving parcel on which a private residence will be constructed. The transfer enables the receiving landowner to carry out the project without any net increase in the amount of existing land coverage in the hydrologically-related area.	NOE	
2002078228	Transfer of Coverage to El Dorado County APN 34-664-03 (Kubat) Tahoe Conservancy --El Dorado Project consists of the sale and transfer of 701 square feet of potential coverage rights from the Conservancy-owned land to a receiving parcel on which a private residence will be constructed. The transfer enables the receiving landowner to carry out the project without any net increase in the amount of existing land coverage in the hydrologically-related area.	NOE
